

Alberta Ag Plastics Information for Westlock County and Barrhead County:

As we are a part of the Clean Farms ag plastics program at the regional landfill, we are only allowed to receive bailing twine, not netting, for both regions. It must be bagged, we can provide bags or your respective County can provide them. Please try to shake them off some to limit the amount of straw and other things on them before putting them in the bag.

We are not a receiver of ag Grain Bags there is a site in Barrhead County for all Ag Grain Bags, they must be rolled up. NO SILAGE BAGS. This is located Neeralta Manufacturing at 3216A Hwy 661, County of Barrhead No. 11, AB T0G 1R2
